

## North Chicago Community Unit School District 187

### Parent Vision and Mission

**Our vision** is to create a district where parents and community collaborate to support staff in nurturing and motivating students to compete academically and become confident, successful and productive individuals. In our district, diversity is celebrated and everyone is welcomed, respected, treated equally and valued for their contributions. As a result, students are enthusiastic, eager to learn and respectful of themselves and others.

**Our mission** is to engage parents by elevating communication and encouraging collaboration between home and school to support student learning, academic growth and productivity.

#### Core Values

We believe...

- all students can learn and grow to be successful, confident and productive individuals
- students, parents and staff have a right to be heard, treated equally and respected
- if adequately motivated and supported, students can compete academically now and in the future
- parental involvement is critical to student success
- diversity should be celebrated
- schools should be safe, welcoming and clean with staff who are friendly and encouraging
